My Website

Profile

A civil engineer previously working in construction management and now looking to make the shift into web development. Eager to strengthen and broaden my coding skills.

Skills

Ruby

Git/Github

Ruby on Rails

SQL

HTML/CSS

Javascript

Figma

Bootstrap

HubSpot

Projects

Cryptaul.xyz

- Successfully pitched the idea of an application for crypto newbies to 32 people, resulting in 3 other coders joining me to create this app. (Click to see pitch deck)
- Produced and demonstrated a MVP within 2 weeks in front of 100+ people

Bed & Bones

- An application where you can rent pets in your local area, similar to Aribnb

Education

Web Development Bootcamp, *Le Wagon*

Jan 2022 - Mar 2022

Civil Engineering, BEng (Hons) - Upper Second Class,
City University of London

2015 - 2018

Professional Experience

Osborne

Assistant Site Manager

Aug 2018 - Jan 2022

Worked with engineers, architects, consultants and local council to ensure strict quality assurance. Also, ensured construction deadlines were met on budget, with all projects being profitable with minimal defects.

Hobhouse Court Project - St Paul's School Project

OneThreeSix George Street Project - Cosway Project

Trainee Site Manager

Oct 2018 - 2021

Sabbatical

Sabbatical - 6 Months

Oct 2020 - Mar 2021

- Moved abroad for 5 months and learnt basic Swedish through immersive learning and group sessions
- Visited towns/cities all the way up to Lapland.
- Self-studied Digital Marketing and web development basics

Stockholm, Sweden
